without the exploitation of
people or natural resources “*

ABOUT CONSERVE HRP

Conserve HRP is a social enterprise that **upcycles waste** to create high quality fashion accessories products while **empowering marginalized communities** in India.

We work with 5 artisan groups and employ **300 artisans (75% women)**, using a wide range of upcycled materials. Additionally, we use a patented process to convert plastic waste into new materials. Each order from Conserve HRP has an immediate impact and provides artisans with **employment opportunities, skills-based training, and counselling support**.

Conserve HRP is the wholesale business segment of Conserve India, Delhi-based nonprofit, whose goal is to drive **sustainable development** in India while emphasizing **environmental conservation** and **circular business practices**. As India's leading exporter of upcycled products, we have worked with several global brands and have been awarded international awards on Green Fashion.

Fair Trade partnerships emphasize dialogue, transparency and respect, and seeks greater equity in international trade. These principles contribute to sustainable development by offering better trading conditions and securing the rights of marginalized producers and workers. We are **Fair Trade certified** through **World Fair Trade Organization (WFTO)**, **ISO certified**, and are working towards our **Nest Ethical Handcraft Seal**.

Over the last two decades, we have worked to conserve and protect the environment through: energy efficiency, waste management, and educational programs. Plastic pollution in India was a key issue that inspired us to invest in circular principles and design upcycled products from waste.

The urgency to empower women and advance gender equality is clear and we drive a constant mission to inspire women to rise. We are a mother- daughter led organization that employs a predominantly female artisan workforce, we strive to uplift and empower women to be their very best.

Canvas & Leather Tote Bags

CANVAS TOTE BAG 1

Code: CC22_169

Dimensions (cm): 32x23x10 cm

Material: Canvas Fabric with
Leather Handles

SUPPORTED BY

OUR COMMUNITY

Local Artisans

We train local artisans in stitching, embroidery, and weaving. Our counseling support remains an important aspect of our association with local artisans with a focus on emotional wellbeing and social inclusivity.

Grassroots Recyclers

Our relationship with this community spans over 15 years. We train them on our patented technology for converting plastic into upcycled products. We also invite external trainers to provide workshops on financial literacy, networking, and microentrepreneurship.

Afghani Refugee Artisans

We provide them with training in stitching, crochet, embroidery. We also organize exposure visits to different markets and sites in India to enhance their cultural awareness and providing counselling support.
